

Where Barney Joy Will Stand

JAY FELLERS' RIGHT
HERE IS WHERE BARNEY
JOY IS GOING TO STAND.

—S. F. Bulletin.

The mainland papers are devoting a good deal of space to Barney Joy. Baseball fans on the coast seem to think Joy is there with the goods. The following from the Bulletin of March 12 will be of interest to local baseball lovers:

BAKERSFIELD, March 12.—Yesterday was one of the best days that the San Francisco ball team has had since they came to Bakersfield to train and Manager Danny Long made the best of the warm sunny day. As early as 9 o'clock the boys were at the ball park, and there was no let-up in the work until it was time to go to lunch.

Promptly at 2 o'clock the twenty odd athletes were again on the field, and it was hit-and-run till nearly 6 o'clock. The new manager of the Seals is quite enthusiastic over the condition of his men, and says that the line-up will be as good as any in the league.

Frank Bernard Joy has certainly proved a find and is going to be the star of the Coast League in 1937, or long and several other critics are away off in their opinions of a ball-player. This big fellow comes from faraway Honolulu to play ball; he has made the hit of the training camp and every day he shows up stronger wherever he plays.

While Joy has the reputation of being a pitcher, he is no novice in the other departments of the game. Yesterday Joy went in behind the bat and surprised every one present by the manner in which he caught and threw to bases, but it is in the box where Joy is going to be the star. During the morning practice Charles Street took charge of the big fellow and taught him a few little tricks that he was unfamiliar with, but Barney is an apt pupil and learns quickly. Joy reminds one of Jim Jeffries and is built on the same lines as that mighty man. At the bat he is going to prove a tower of strength, and there will be many a game broken up by Barney and his big stick. Clavin, the local boy, will make the team, and is going to prove

THOMAS STARKEY WINS GOLF MEDAL

Word has been received by a friend in Honolulu from T. M. Starkey, who left here for England nearly seven years ago. The letter was written from Bournemouth.

Mr. Starkey writes that he is very well in health and plays golf three or four times a week, being a member of several clubs. Enclosed with the letter was the following extract from the London Field, which goes to show that the old Honolulu's golf hand has in no wise lost its cunning:

BOURNEMOUTH, G. C.
The monthly medal was played for on the 21st at Meyrick Park in a strong N.W. wind.
T. M. Starkey..... 88-22-66
Col. Gordon..... 91-20-71
G. Pope..... 92-18-76
F. W. Brammer..... 94-16-78
W. E. Johnson..... 98-7-81
H. P. Bossemer..... 98-8-81
A. Hedley..... 93-10-83
*Wins medal.

PUNAHOU TEAM DEFEATS TRANSITS

The Rapid Transits found out yesterday that all teams are not as easy as the Infantry, as the score of 4-0, in favor of the Punahou with whom they crossed bats yesterday afternoon, shows.

The game was played on the Punahou field and was witnessed by a very small crowd. The playing put up by the ding-dongs during the beginning of the game was poor, but towards the close they were improving in form. They play the Diamond Heads next Saturday on the Punahou field, and unless they do some pretty tall practising between today and tomorrow, somebody other than the Diamonds is going to get beaten.

The line up of both teams follows:
Punahou—Lyman, c; W. Desha, lf; J. Desha, ss; Lo On, 3b; Williams, p; Lowrey, 2b; Parkinson and McDougall, cf; Akina, rf; Winne, lb.

Rapid Transit—Fern, ss; Evers, p; Aylett, 2b; Reuter, cf; Plunkett, 3b; Hamauku, c; Robinson, lb; Wilson, lf; Boyer, rf.

Umpire—Freitas.

MAINLAND SPORT

Dick Hyland and Johnny Thompson were scheduled to have a bout in San Francisco last night.

The Reliance Athletic Club in Oakland have plans under consideration to build a new \$125,000 club house.

The State University of California held an inter-class regatta at the Oakland estuary Friday.

FEDERATION MEETING

(Continued From Page One.)

Scudder's "motion," as he expressed it, but the doctor quickly stated that he had not made a motion, merely a suggestion.

Rev. Mr. Westervelt moved that the committee on legislation be appointed to see the House, but withdrew his motion and seconded one made later by Mr. Wadman to the effect that a committee of nine be appointed to see Chairman Rawlins. The president decided to appoint the members of the committee later.

A suggestion was offered last year by Theo. Richards, that rotation in office be the rule of the Federation's elections, and that no office-holder one year, be allowed to hold office the next. President Castle thought the suggestion a good one and hoped it would be carried out. However, as the suggestion was never offered as an amendment to the constitution, some of the members were re-elected. The executive committee is composed of W. R. Castle, P. S. Dodge, Z. K. Myers, J. S. Rath, and H. R. Trent. Officers for the year will be chosen by this committee.

The subject of frequent meetings was brought up and discussed at some length but no conclusion was reached.

ATKINSON ALARMED

(Continued From Page One.)

They are old enough, initiate them in the work for which they are suited and instruct them in the conditions by which they can hold their positions. With every job allotted endeavor to domicile the family.

"I believe that the agricultural interests should dig down into their pockets and pay their labor such wages as would hold those people here, because if they lose them they will have to get others."

"This country is going ahead. It is not going backward. We are not the kind of people that lie down every time a crisis arises."

"Yes, by all means continue the immigration of Europeans. From the fact that as many go away in four trips of the Alameda as we receive in a single shipment at enormous expense things naturally look very black. And the fact that Japanese are allowed to come here and not to go to the mainland makes it look blacker for the Americanization of this Territory, but don't you suppose for one moment that I believe in quitting."

"The President will not desert us. I believe he will see us and our policy through. I personally know how he feels about this matter, and don't you think for one moment that he is going to allow Hawaii to take a step backward. He is not built that way. We are a long way from headquarters. He knows more about the situation than we do. You never heard of President Roosevelt retreating from a position."

"Another thing. Do you know what this crisis means for Hawaii? It means that this Government recognizes the condition of affairs as a signal to redouble its efforts to get the land settled. The time of delay has gone by. The public lands must at once be opened up for settlement."

Judge Weaver has decreed a registered title to Henry Peters for land in Kauai, Manoa, Oahu, containing 5.17 acres, subject to certain mortgages, lease, convenient, tax lien and right of way.

THE REPORT IS DEFERRED

The Lauka investigation committee did not weigh in with its anxiously awaited report at last night's session of the Board of Supervisors. Committee Chairman Cox was not present owing to the absence of a relative and the matter therefore went over till next week. The other proceedings were of a routine nature.

Present were Chairman Hustace, Supervisor-at-large Harvey, Supervisors Dwight, Fern, Archer, Kealoha; Clerks Kalaokalani, Buffandeau; Stenographer Aea, Deputy County Attorney Olson, County Engineer Gere, Clarence Pringle and delegation from Palolo, Sol Mahelona.

BILLS.

The following bills were passed:

Fixed salaries.....	\$1670 00
County Clerk.....	326 65
County Attorney.....	738 32
County Auditor.....	125 00
County Treasurer.....	125 00
Poundmaster.....	30 00
Keepers of Parks.....	200 00
Road Department.....	1450 00
Garbage Department.....	200 00
Fire Department.....	3400 00
Koolauapo Road District.....	330 65
Waialua Road District.....	649 72
Waialua Road District (special).....	15 00
Kaplania Park.....	407 75
Hawaiian Band.....	1250 00
County Engineer.....	282 85
Electric Light Department.....	718 75
Police and Fire Alarm Systems.....	165 00
Police Department.....	5913 65
Ewa Road District.....	125 00

WAYS AND MEANS.

Chairman Archer of the Ways and Means committee reported that the Territorial treasurer had promised the county \$35,000 for April but nothing definite for May.

THE POLICE INVESTIGATION.

The chair called on Supervisor Archer of the Lauka investigation committee for a report.

Archer said that Cox, chairman of the committee, had written, asking that a report be deferred until next week, as relative's absence prevented his attendance last night.

"Will it be next week, without fail?" asked Hustace.

"Without fail," replied Archer.

THANKS.

A letter of thanks was read from Treasurer Dowsett of the Maternity Home, for the loan of the band by the board for a recent luau.

THE ALLEN LAKE.

County Engineer Gere reported that it would take 1250 cubic yards of material to fill the Makiki fire station lot so that water will drain over the curb of Wilber avenue. Referred to Road committee.

THOSE SUBSCRIPTIONS.

A communication from Sheriff Lauka was read relative to the disallowing by the board of three items for newspaper subscriptions, turned in with the police expenditures last month.

Lauka wrote that he incurred the charge in good faith, believing it to be a legitimate one and for the benefit of the department, and one which has been so recognized heretofore and paid without question. He placed the matter before the board trusting that the justice of the claim will become apparent to the supervisors upon consideration. Action on the communication was deferred till next week.

A GOOD SHOWING.

Sheriff Lauka's report of criminal arrests made throughout the county during January and February, was read and placed on file.

The total arrests for the two months amounted to 389, an increase of 247 over the corresponding period of 1936. Of the total arrests 313 were for gambling, 157 for drunkenness, 24 for violation of the liquor law and 333 for various other infractions of the statutes.

In the disposition of cases, 639 convictions were secured, 209 discharges resulted and 41 cases are pending. The fines and costs imposed aggregated \$2547.70, and \$489 bail money was forfeited.

SWILL.

A communication from the Board of Health was read suggesting that the board pass an ordinance prohibiting the gathering of swill except between the hours of seven in the evening and ten o'clock in the morning of the next day, and that the swill carts must be off the streets by 10 o'clock a. m. Referred to Committee on Sanitation and Health.

A POLICE STATEMENT.

The following statement by the county sheriff re resident police of Kailua, Koolauapo, was read and ordered placed on file:

The same number of men as constituted the police force for the district of Koolauapo at the time of my taking office was continued by me without change, namely, one resident at Kaneohe, one at Waikeane and one at Kailua. This force of three men is not too many in my opinion to police the district, stretching over a distance of 20 miles.

I had in mind the stationing of a permanent officer at Waimanalo and in fact commissioned a person by the name of Edward Kea, a plantation luma of that place, as police officer. For some reason or other the Deputy Sheriff, to whom I had sent the commission, withheld it and later returned the same to me with the statement that Mr. Kea would not accept the office. It was by reason of this refusal that the present incumbent was appointed. He was recommended for the place by Mr. Harvey and Mr. Kealoha of the Board of Supervisors, as well as by the Deputy Sheriff of the district.

Unless the present officer consents to move his residence from Kailua to Waimanalo I hardly feel justified in removing him so as to create a vacancy for a paid officer at Waimanalo. This I can do though. Appoint a resident officer there if one can be found to serve without pay.

C. F. LAUKA, County Sheriff.

A DERMAL SWAMP.

A petition was read from citizens and taxpayers, residents of Kapaeha and Kapaeha Park Addition, calling the attention of the board to the deplorable condition of the roads in

SECOND TERM FOR GOV'R CARTER

In an apparently inspired article, Mr. Buckland's paper, Trans-Pacific Trade, states that Governor Carter has been asked by the President to accept a second term, that the question of his acceptance is open, and that it is believed the Governor would not care to take the responsibilities of the office again. This is the article:

Discussion as to the selection and appointment of the next Governor of the Territory of Hawaii is always in order. It is a matter of direct interest to every resident and of even greater interest to every person engaged in business. The daily papers have given the names of many possibilities and of good men, but they seem to take for granted that the possibility exists and that a successor to Mr. Carter is necessary, one paper even intimating that the President has already expressed a desire to be relieved of further responsibility for the present Executive.

We are in a position to state that such is not the case. We say authoritatively that President Roosevelt has expressed to Mr. Carter a hope that he will succeed himself. Should Mr. Carter decide to do so, the question of a successor need no longer be discussed. The Governor, however, is at the present time so occupied with the important work brought before him by the Legislature that he has been unable to give the matter such consideration as its importance deserves. He probably will not do so until after the session work has been cleaned up, by the end of May, when he will have to think about the topics for the last annual report submitted

to the Legislature.

The petition read in part: "Some time ago the Public Works Department compelled us to number our houses, under penalty, and named the streets. We have no streets, however, only trails, and these in such bad condition that children cannot go to school and men going to their place of business have to wade through their knees in mud. Delivery wagons and other conveyances cannot get beyond the Park. In consideration of these facts we hereby petition to have Campbell Avenue and adjoining roads leading off from Kapiolani Park, graded and put in such condition that same may be used in all kinds of weather."

John Hodson spoke in support of the petition.

PALOLOITES APPEAL.

F. Kaack, a Palolo homesteader, made an earnest plea for the board's assistance in making the beautiful valley a place possible to live in. The Paloloites had just come through an awful experience by reason of the protracted winter and if the roads were not fixed before next winter, Kaack didn't know how the homesteaders were going to get along. He had seen the Governor without getting any satisfaction and now, on behalf of the valley folk, appealed to the board as a last resort.

The chair advised Mr. Kaack and his neighbors to try hard to interest the Legislature on their behalf. The county could not afford at present to spend more money on the valley than was being spent at present. The matter was finally passed up to the Road committee.

ESTIMATES.

The estimates for the coming month were fixed on as follows:

Road department.....	\$ 10,000
Ewa road district.....	1,300
Waialua road district.....	250
Waialua road district.....	800
Koolauapo road district.....	800
Koolauapo road district.....	350
Kapiolani Park.....	700
Police department.....	6,920
Fire department.....	4,500
Garbage department.....	1,500
Electric light department.....	1,400
Police and fire alarm system.....	250
Hawaiian band.....	1,325

THE SHERIFF SATISFIED.

Harvey said a word for more money for the police.

"The Sheriff told me only the other day," remarked Hustace, "that we were giving him all the money that he required and that he was realizing this more and more all the time."

"Then he must talk with two tongues," exclaimed Harvey, "he told me something very different the other day."

"REFERRED TO COMMITTEE."

Just before the adjournment Harvey and Hustace had a little bit over matters referred to committee. Harvey said that when a petition or other matter was referred to a committee, it was likely to be lost not only to sight but to memory.

Hustace challenged Harvey to recall a single instance where a matter had been lost sight of through reference to a committee and straightway catalogued the various committees present on a mass of more or less new and yellow questions which had been passed up to them in the past.

CHAMBERS OVERSEER.

It was voted to appoint George Chambers, road overseer of the district of Waimanalo, to act without pay.

At 8 p. m. the board adjourned till April 2 at 7:30 p. m.

during his present term of office. It is possible, moreover, that the Governor will not come to any conclusion on the subject until after he has seen and talked with Mr. Roosevelt. Until then there can be no further definite information upon a subject which is now awaiting the Governor's decision alone. Before arriving at any determination he will doubtless call his closest friends into consultation, giving their advice and opinions due consideration.

It has been suggested that the President would be glad to be relieved of Mr. Carter owing to his recently-expressed feeling toward the Japanese and the pronounced courtesy which he showed to the officers of the Japanese squadron upon the occasion of its last visit to Hawaii. But there is another side to be looked at. When the Japanese squadron was in Honolulu there was a grave international crisis between Japan and the United States. It was undoubtedly the policy and the wish of the President, and perhaps so expressed to the Governor, that there should be no cause whatever exhibited here to increase the strained relations between the two countries, but that, on the contrary, every effort should be made to promote and strengthen the friendly relations that had hitherto existed. Hawaii, it sometimes seems to be forgotten, is an integral portion of the United States, and its distance from the mainland consequently renders it the more important from an international standpoint. The Governor here, although five thousand miles distant from Washington, represents the President of the United States and not the peanut politicians of Honolulu. For this reason, if for no other, as much sound judgment should be used in the suggestion of suitable gubernatorial timber as the President will exercise in making the appointment. The national importance of Hawaii has more consideration than ever it had at the White House.

Among the available material already mentioned has been the name of Senator W. O. Smith, who, unfortunately, we are afraid, would not be eligible under Section 16 of the Organic Act. Among the Hawaiians the present Delegate to Congress, Judge Kekoikai and Mr. Mark P. Robinson have been suggested as suitable Hawaiian-American possibilities. The Delegate would probably prefer to remain where he is, as he has a much easier position, with better remuneration, and every prospect of retaining it as long as he may desire. Judge Kekoikai would probably be the most popular Hawaiian, while Mr. Robinson would undoubtedly receive greater support from the business interests in the Territory. Besides Senator Dowsett, Senator Bishop, Secretary Atkinson and Mr. H. E. Cooper, we have heard the following names discussed: Judge Arthur Wilder, Mr. W. W. Harris, Mr. F. J. Lowrey, Mr. J. B. Castle, Mr. Geo. W. Smith, Mr. L. A. Thurston, Mr. E. D. Tenney and Mr. H. P. Baldwin. Any one of these last three or four named gentlemen would be a particularly strong candidate, but before entering on further discussion it is well to await the decision of Mr. Carter, who at present holds the situation in his own hands. We do not believe that Governor Carter desires a second term of office, nor should he be called upon to assume such responsibility against his inclination. It was at great personal and pecuniary sacrifice that he assumed the office, believing that his duty as an American citizen demanded that he should respond to the call of the President.

THE ARIZONAN.

TACOMA, March 16.—With the first cargo of freight from New York by the new route across the isthmus the steamer Arizonan, of the American-Hawaiian fleet, will arrive on the Sound the first of the week. After discharging at Tacoma and Seattle, the liner will load for Honolulu.

The cargo of the Arizonan was shipped from New York about January 15 by the steamer Luckenbach and was transferred to the Arizonan at Salina Cruz from the Tehuantepec railroad. The Arizonan will not arrive in Tacoma before the middle of the week.

WHALES OFF WAIKIKI.

Two whales were seen off Waikiki yesterday sporting themselves. They were watched with great interest by residents in that locality. The whales were within half a mile of the reef.

WHOOPIING COUGH.

The quick relief afforded by Chamberlain's Cough Remedy in cases of whooping cough, makes it a favorite with the mothers of small children, making it easier to expectorate, keeps the cough loose and considerably any tendency toward pneumonia. For sale by Benson, Smith & Co. Ltd., Agents for Hawaii.

THE LEGISLATURE ON ITS THIRTIETH DAY

Wednesday was the thirtieth day of the session of the Legislature, marking the half way point in its deliberations. The members of the House passed the half way mark in their work several days ago however, and are feeling particularly good over the excellent record they have set for themselves. If the Senate will only catch up to them, the members feel that they will have set a high mark for future Legislatures to work up to.

Wednesday the Senate reduced the number of House bills before it by three, having now forty-one under consideration. Some of these left the House weeks ago, two bills having been handed over to the House of the session and being still unreturned. Twenty-four days ago the Senate was given the custody of another House bill, and the silence of the tomb has settled over that bill since. The bills now before the Senate have been held by them as follows: Two for twenty-five days, one for twenty-three days, two for nineteen days, two for eighteen days, five for fifteen days, one for thirteen days, two for twelve days, seven for nine days, one for eight days, two for seven days, three for five days and thirteen for two days. Some of these bills have been away from home so long that they are in danger of being forgotten altogether.

In the matter of finances the present House has been a particularly careful one, dispelling altogether the fears that had been expressed more or less openly when the matter of the acceptance of the Federal appropriation was under discussion. The share of this appropriation due the House if \$20,000, the allowance up until Wednesday having been therefore \$10,000. Of this amount the House has only called upon the Secretary for \$6,208.37, at which rate there will be a substantial surplus of the fund left in the Secretary's hands at the end of the session. Equally frugal has the House been in their demand upon the Territorial appropriation, of which \$30,000 was set aside for their use. Of this, for the first half of the session, only \$9542.43 have been spent.

An itemized list of the bills paid up until Saturday last shows the expenses to have been the following:

Charged against the Federal appropriation—Mileage, \$554.46; \$1020; Military committee, \$9; Public Expenditure and Accounts committee, \$272; Health and Police committee, \$120; Rules committee, \$5; Judiciary committee, \$112.50; Education committee, \$120; Public Lands and Improvement committee, \$223.80; Printing committee, \$189; Incidentals, \$37; printing office, \$2430.80; supplies, \$2909.05; typewriting, \$314.40; Miscellaneous committee, \$53; Nuuanu Dam committee, \$5; Lanai investigation, \$135.70; Finance committee, \$2.90; and Agriculture, etc., committee, \$3.65; a total of \$5824.26.

Charged against the Territorial appropriation of \$30,000—Compensation, \$3990; officers, \$578; engraving, \$25.70; supplies, \$117.15; translating and proof reading, \$490.07; incidentals, \$36, and Nuuanu Dam committee, \$505.45; a total of \$5533.43, and bringing the entire expense up to Saturday, \$11,358.69.

The schooner Ada arrived yesterday morning from Molokai and Maui ports.
